Important!
Always have an adult help you!

What you’ll need:
- empty bucket or can
- tarp or plastic sheet
- rope or string
- scissors

1. Organize your materials
2. Cover top of bucket or can with the tarp
3. Work together to pull the tarp down tightly over the top of the bucket
4. Wrap a string or rope tightly around the edge at least four or five times
5. Using a separate piece of rope, tie one final loop around the edge, securing the original rope
6. With adult supervision, carefully use scissors or a knife to cut the excess tarp below the rope
7. Use your hands or sticks to create a beat!
