Important!
Always have an adult help you!

What you’ll need:
- water bottle
- hammer
- fishing line or wire
- board and nails

1. Organize your materials.
2. Pound three nails in a line into one end of the board.
3. Then, pound three nails at a diagonal into the other end of the board.
4. Tie the wires to one end of the board.
5. Slip the water bottle under the wires at the end of the board with the nails in a row.
6. Tie the wires off tightly to the nails at the other end of the board.
7. Pluck the wires to make notes. Have fun!
